REQUIRED ROOF INSPECTIONS

ATTENTION CONTRACTORS AND HOMEOWNERS:

Per OSHA 3124-12R 2003 requirements, in order to receive your inspection, the contractor must provide a tied off Type 1A ladder which rises a minimum of 36" above the upper landing surface. Non-compliance may result in re-inspection fee(s).

1. ROOF SHEATHING NAILING

(Not required if the existing roof deck is used)

2. IN - PROGRESS

Anytime during the installation of the roofing materials.

3. FINAL

After all items are completed including: painting/priming of any new wood exposed to the weather, securing of any electrical wires to the roof that were removed as part of the reroof project and sealing of roof flashings and exposed nails.
